

Lords Cricket Ground Visit

Pupils had an unforgettable opportunity to visit the Home of Cricket, **Lord's Cricket Ground** in London. Throughout the day, they developed their batting, bowling and fielding skills before putting them into practice in exciting matches against pupils from other schools.

The event was organised by the cricket charity **Chance to Shine**, giving everyone the chance to experience playing at one of the world's most iconic sporting venues. It was a fantastic day filled with teamwork, enjoyment and memorable experiences. "I never thought I'd get the chance to play where cricket legends have played."

Girls Cricket Festival

Our Year 5 and 6 girls proudly represented the school at the annual **Girls' Cricket Festival**, hosted at **Slough Cricket Club**. Throughout the day, they competed in a series of exciting matches against other schools from across Slough, demonstrating excellent teamwork, determination and sportsmanship. The festival provided a fantastic opportunity for the girls to develop their cricket skills, build confidence and enjoy playing in a fun and supportive environment. All of the girls played brilliantly and had a wonderful time.

Inclusive Football Festival

Our fantastic Inclusive Football Team had an amazing experience at the **Slough Schools Sports Network Football Festival**. The pupils enjoyed the opportunity to play against teams from other schools across Slough, demonstrating excellent teamwork, determination and sportsmanship throughout the day.

The festival was a brilliant chance to make new friends, develop football skills and represent our school with pride. Everyone had a fantastic time and returned with big smiles! "I loved playing against different schools and being part of such a great team!"
