

We, at Iqra Primary, are proud achievers of the Primary Science Quality Mark (PSQM) Gilt Award which has been awarded to us by local experts to recognise our commitment to excellence in the teaching and learning of Science.

Jane Turner, PSQM National Director said:

*“Gaining a Primary Science Quality Award is a significant achievement for a school. The profile and quality of Science teaching and learning in each awarded school is very high. Children are engaging with great science, both in and outside of the classroom, developing positive attitudes towards Science as well as secure scientific understanding and skills. Science subject leaders, their colleagues, head teachers, children, parents and governors should be very proud.”*
