

24th March 2020

Dear Parents/Carers,

RE: COVID19 - Home Learning Resources

We continue to strive to provide the best education and care for our children, and our staff are committed to delivering this online. Whilst the health and welfare of our pupils, staff and their families has been our highest priority in recent weeks, we endeavour to ensure a continuity of their education as well.

The purpose of this communication is to provide information about a new online learning tool on the Iqra school website. This new **Home Learning** page provides learning resources for **all** areas of the curriculum, including additional reading, writing and maths activities. These resources are *in addition* to the weekly updated homework on the class pages. To access this page please go to www.iqraprimary.com learning with us and access the 'home learning' tab (direct link <https://www.iqraprimary.com/home-learning/>).

Should parents have any concerns about their child's learning at home, this can be communicated to the Year Group Leaders via e-mail. We endeavour to respond to all e-mails in a timely way. We also want to ensure that the wellbeing of our children is first and foremost. For that reason, we encourage children to 'check in' with the Year Leaders via e-mail should the need arise. If there are any specific concerns that may arise during this period of school closure, then please contact our designated safeguarding lead Ms Dhillon on phillon@iqra.slough.sch.uk

We hope that all our families keep safe during these unprecedented times.

Kind Regards,

Dr Mineza Maher
Headteacher
