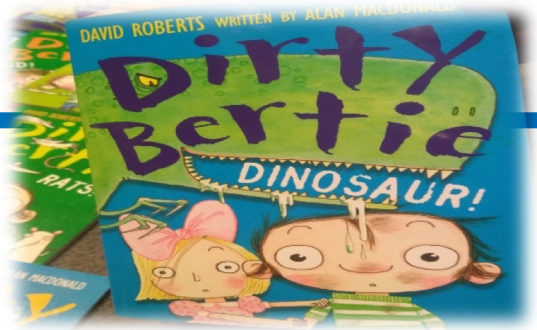
Year 2 Shoutouts

Hi everyone! What's up? It's me Lina! I miss school so much I made one with Legos and playmobile.
I also made cupcakes with my sister Sarah, it was fun too. She is 11 years old.
I grew lentils, tomatoes, beans, potatoes and lemon seeds with my mum. I want to have a lemon tree because I love lemons.
Have fun making stuff!

Asalaam Alaikum Miss Khalid,
I have been very busy reading Dirty Bertie books, these are all the books what my mum got me. I have got all of the books.



This is my favourite book from all of the Dirty Bertie books because I like dinosaurs.

I am reading the last book at the moment and it is called mascot. All of the dirty Bertie books have 96 pages and I am on page 94 of my last book. I really enjoyed reading the Dirty Bertie books
